

An AEE project in development. Sexy Original Sounds is a showcase for unsigned original bands in an outdoor setting with professional production.

Danielle Goulet, AEE Managing Director, has been resident judge of the Tooheys Talent Search for Twin Town Services Club for the past four years and is great advocate for young talent, developing opportunities and performance programs for youth in live venues. She is currently developing a new festival called “Sexy Original Sounds” (S.O.S. Festival) which is a showcase for unsigned original bands in an outdoor setting with professional production. The Qld Government Youth A-Venue initiative, devised to give Gold Coast performers major gigs, will be a key player in this festival.
